

Vegetable Gardening Part 2 Knowledge Check

In the **GBL Learning Library - Core Preparation Sessions**
this is Section 2.1b in Module 2: Food Gardening

1. Why is it best to avoid planting crops from the same family in the same place 2 years in a row? How many years should you wait?

2. Provide an example of succession planting. Why might it be a valuable strategy in promoting soil health?

3. My squash plant looks terrible, what is wrong with it (picture to the right)?

4. What is one season extension technique?
